DUMBARTON BRIDGE SURVEY STARTED BY JOINT BOARD

Eastside Approach Has Been Inspected and Surveys Have Been Made

The directors of the joint San Francisco-San Mateo east side highway inspected the east side approach of the proposed Dumbarton bridge last Thursday. A meeting was held last week in the office of District Attorney Franklin Swart, at which time the bridge was discussed and plans were made to complete the project.

Supervisors John MacBain of San Mateo county, Richard Welch and J. Emmet Hayden of San Francisco county, comprising the board, were all present, as were also Assistant City Engineer Clyde Healy of San Francisco, County Surveyor George Kneese of San Mateo county and District Attorney Swart and Frank K. Towne, president of the Redwood City Chamber of Commerce.

Following a discussion of the surveys which are now being made, a trip was made to the proposed sites at or near Dumbarton and a thorough inspection of the ground was made on this side of the bay.

Surveys have been made both to the north and south of the present railroad bridge at Dumbarton, the surveying parties having worked as far as lve miles north of the bridge, according to a statment made by John MacBain.

Until the surveys are completed and submitted to the board no action will be taken definitely determining the location of the proposed bridge.

The matter of financing the construction of the highway and bridge also came up for discussion. Nothing definite has as yet been decided as to the best plan.

NEWSY NOTES OF SAN MATEO COUNTY

BOARD FILES REPORT

The board of inquiry investigating the accident on August 4, at the Southern Pacific crossing at Bayswater avenue in Burlingame, in which Jerry Kelleher of San Mateo was injured when his Ford truck struck a train, has completed its report.

The findings of the board was that the driver was going at an excessive rate of speed and was entirely to blame for the mishap.

She will be here Thursday, August 24.

JOS. B. FELIZ MAKES APPEAL TO VOTERS

Recently I announced to the voters of the third township, through the medium of these columns, my intention to enter the race for the candidacy of constable.

I have resided in this county all of my life of 52 years, having been born and raised here, and have always endeavored to be fair and just in my dealings with my fellow men.

While I have not run for or held a public office before, I have always taken a keen interest in politics and all movements of progress in our community.

Having always led an active life, am very well acquainted throughout the county and have endeavored to meet everyone personally, but on account of the busy season in my farm work may have overlooked someone, whom I should have liked to have seen. I hope they may all consider this as a personal visit from me.

A political office is an honor every citizen has a right to aspire to, and I feel as a good citizen I am eligible to seek to be elected to such an office.

Should it be the pleasure of the voters to accord me that honor I assure you I will perform the duties of the office in a fair, impartial manner, endeavoring at all times to work for the best interests of the people.

I shall appreciate your support at the coming primary election, August 29. Very cordially yours,

JOS. B. FELIZ.

Redwood City, August 16, 1922.

MILLIONS NOW LIVING WILL NEVER DIE

W. H. Bundy of Oakland will deliver a lecture Sunday, August 20, in Foresters' Hall, corner Maple and Phelps streets, on the subject: "Millions Now Living Will Never Die."

Mr. Bundy gives Judge Rutherford's lecture which has been delivered in nearly every city, town and hamlet throughout the civilized world. People of Redwood City now have their opportunity.

All arguments presented are thoroughly backed up by scriptural proof. No guesswork, but tangible evidence is given that we are living in the last days; that the kingdom of Christ is soon to be established in the earth and that the time has come for the blessing of every creature; not only those now living, but those who have passed into the tomb will be brought back to life, sharing the blessings promised to our forefathers thousands of years ago.

You are urged to hear this most interesting and important lecture delivered by a speaker of merit who has for the past 20 years been an itinerant lecturer for the International Bible Students' Association. Lecture commences at 8 p. m.

The event will be duly celebrated at the university. Thousands will come from all parts of the state to pay their respects to the aged priest.

BOARD OF EQUALIZATION

At the board of equalization meeting Monday morning Henry W. McGarvey, who owns about 50 lots at the west end of Redwood avenue in Portola subdivison, appeared and protested against the amount of assessed valuation that has been placed on the property, namely $150 a lot. He informed the board that he would sell any one of the lots on three years' time without interest for $100. The property in question adjoints the Japanese nurseries that have sprung up there during the past few years, and McGarvey stated that since the Japanese have come the property has depreciated considerably in value.

The clerk stated to the board that McGarvey's holdings are assessed the same as all other lots in that section and that if a reduction was made in his case the other owners would come before the board and expect similar reductions. While the members of the board were unable to grant any concessions to the protestant, they felt that a readjustment of the entire assessments of the city was necessary and they intimated that the matter would be taken up and given consideration before fixing the tax rate in 1923.

NEW SUPERVISOR OF SUBJECTS

County Superintendent of Schools Roy W. Cloud has appointed Miss Sarah Britt of San Mateo as supervisor of subjects for rural schools of San Mateo county. SUPERVISORS WORKING ON EASTSIDE HIGHWAY PROJECT

San Mateo County, With South San Francisco and San Francisco Working Together

Working in conjunction with the board of trustees of the city of South San Francisco, F. A. Cunningham, newly appointed secretary of the South San Francisco Chamber of Commerce, appeared before the San Mateo county board of supervisors at their regular session in Redwood City and urged that the board give consideration to the construction of a highway connecting South San Francisco with the state highway at Tanforan.

A communication from Daniel McSweeney, city clerk of South San Francisco, on the subject was presented to the board. It is proposed that the new road, which would be half in South San Francisco and half in San Bruno, should run from the present Bay Shore road near the Union Oil station, skirting Tanforan racing track, which is now being rebuilt by Rudolph Spreckels and other racing enthusiasts of California.

Cunningham spoke of the necessity of such a connecting link to relieve congestion on the highway and to enable those visiting the race track to use the Bay Shore highway. He also suggested that a levee be constructed on the westerly side of the present Bay Shore highway so as to prevent the flooding of the highway, which occurs each winter during the heavy storms.

After a discussion of the matter, Supervisor Hickey moved that the entire board make a visit to the proposed highway and levee and it was so ordered.

A large number of claims covering county business for July were examined and passed by the board.

Letters received from bidders on county hospital contracts were submitted by Mrs. Nash, the clerk, requesting that their certified checks be returned to them. Chairman Thompson ordered that all checks in the cases of unsuccessful bidders or rejected bids be returned.

County Surveyor Geo. A. Kneese submitted plans and specifications for repairing and paving of another section of the Pescadero to Santa Cruz county line road, consisting of a mile to a point near Pigeon Point. The specifications were accepted by the board and bids will be opened on September 4.

Surveyor Kneese also submitted a report on condition of the bridge at Frenchman's Gulch, as requested recently by the board, which report was to the effect that the middle pier should be concreted, to prevent further washing. On motion of Supervisor MacBain, seconded by Supervisor Hickey, the county surveyor was ordered to repair the pier in question.

An affidavit of publication of the call for bids for repairing the road from Halfmoon Bay to Tunitas, in the fourth township, was filed and the clerk advised the board that no bids had been received. The board recently by unanimous vote ordered $2,500 used from the general fund for this purpose and in the absence of bids Supervisor Francis was authorized to spend $1,000 of this $2,500 in the work.

NEW TEACHERS CHOSEN FOR RURAL SCHOOLS

There are a number of new teachers in the rural schools of San Mateo county this term. Among them are the following:

At Ravenswood—Miss Ruth Harris of San Jose, daughter of Mr. and Mrs. Leroy Harris, formerly of this city, will have charge of the third and fourth grades.

At Portola—Mrs. Margaret Lee Shannon, who taught in a private school at Belmont last year, will teach all of the grades. Mrs. Shannon has just returned from a visit to her old home in Tennessee.

At Belmont — Miss Rosamond Boulware of this city, a recent graduate of the San Jose State Teachers' department.

Miss M. Isabelle Campbell of Alameda will teach the Alpine school.

Miss Josephine Luvele of the Colorado State Teachers' College will teach at Bellvale.

Miss Elaine Blanchard of this city, a graduate of the San Jose State Teachers' College, is teaching at Pomponio.

Miss Rebecca Hembree of Sonora has charge at Sunnyside.

Miss Bertha Kuck will have the primary department at Menlo Park and Mrs. Sweetland of Seattle will follow Miss Kuck as primary teacher at Las Lomitas.

Miss Kathrine Baumgartner of Texas will teach at Pigeon Point.

Mrs. Johanna Riffe will teach at Tunis.

Mrs. Helen M. Lynch will succeed Miss Clair Locker at Purissima.

Mrs. Jos. V. Azevedo will teach the Pilarictos school.

Miss Louise Bettin, formerly of this city, will be in charge at Miramar.

Mrs. Marguerite McCarty will teach at Montara and Mrs. Minnie Wood will have the Tobin school.

The other rural schools will be under the same teachers as last year, except at San Gregorio, where Mrs. John T. Ralston and Mrs. Eric Alsford are temporarily in charge.

GORDON SEEKS JUDGMENT

In a suit filed Tuesday in the superior court, in which R. A. Hightower and L. S. Reading are named, J. B. Gordon seeks judgment for $350, interest and collection charges. It is alleged that Hightower was indebted to Gordon on May 17, last. Gordon is now unable to collect the amount. He is represented by Attorneys Kirkbride & Gordon of San Mateo.

$18,000 IS APPORTIONED TO SHAREHOLDERS

Series No. 74 of the San Mateo County Building and Loan Association stock reaches its matured value of $200 per share on August 21, when the sum of $18,400 will be paid to the shareholders in said series, being the accumulation of the monthly dues paid in with compound interest earned thereon.

A new series, No. 120, will be opened on September 1, affording an opportunity for investors to participate in this safe and profitable form of investment. The money derived from investors is loaned on approved real estate security, and largely for the construction of new homes, thus aiding in building up the community.

Information regarding the investments and loans will be cheerfully furnished at the office of the association, 90 Broadway, Redwood City.

SUCCESSFUL SALE

The Sunshine Stores held the most successful drawing ever held in this city last Saturday at their store on Main street.

The two bicycles given as prizes were hotly contested for and created a wonderful enthusiasm for the success of this big institution.

The boy's bicycle was won by Peter Avenalli of Woodside and the girl's bicycel by Mrs. J. Salmirs of San Bruno Park.

The Sunshine Stores state that despite the fact of another prize being offered at the same time the demand for tickets greatly surpassed their expectations.

District Attorney Franklin Swart drew the lucky numbers from the box and satisfaction mas expressed as to the successful manner in which the contest was carried out.

The sale was advertised in this city exclusively in the Times-Gazette and there were no circulars sent out.

GRIMMENSTEIN TO ELECTRIFY DUSEL BUILDING

A. W. Grimmenstein, electrical contractor, has received the contract for wiring the large store building being erected for Mr. Dusel on Main street. A crew of men commenced running the wires yesterday. The building will be ready for occupancy the latter part of next month.

Before we can reduce the cost of living we'll have to induce prices for living to come down.

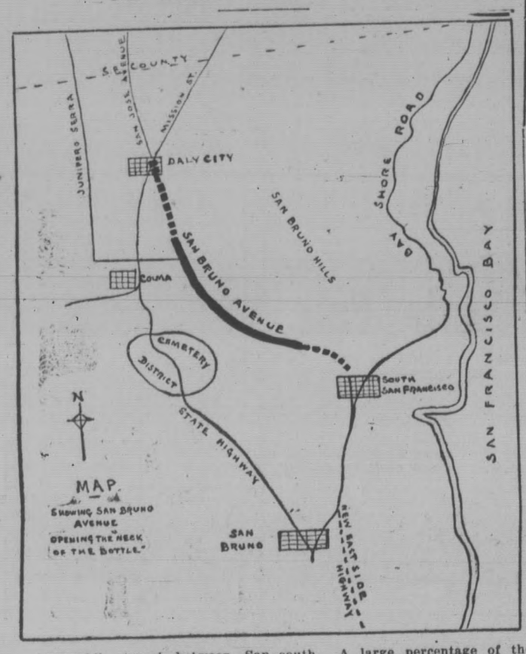
PROPOSED HIGHWAY WOULD BE GREAT HELP TO PENINSULA



Automobile travel between San Francisco and San Mateo county has reached a point that needs the attention of both communities. Numerous meetings are being held and a general public interest is being awakened and a campaign of education is now on. The two counties are discovering that a community of interest exists between them that can be developed in the spirit of co-operation without disturbing the geographical line.

The automobile is largely responsible for this new attitude and has created the necessity of better roads and more of them. The old Mission road out of San Francisco has borne on its bosom for many years the traffic southward and will always be the leading thoroughfare.

It is proposed by opening of the San Bruno avenue boulevard at Daly City, as shown in the map, to distribute some of this excess travel and divert it to the left toward South San Francisco. This will lessen the travel time to San Bruno and for those wishing to avail themselves of the contemplated east side highway.

Fully seventy-five per cent of city travel originates in the western portion of San Francisco and that portion of it using the Junipero Serra avenue past the new golf links will gain access to this San Bruno avenue boulevard at the Colma oil station.

This San Bruno avenue or boulevard skirts the San Bruno mountain and passes through Paradise valley. It is a portion of the old stage line to San Jose and affords a pleasant and picturesque change from the present road through the cemeteries.

The advantages of the new road apply equally to travelers from the south. A large percentage of the travel from the south wish to enter San Francisco via the Mission street road. The most congested part of the trip between San Bruno and Colma. By using this new route, this nerve-racking and time consuming portion of the highway can be avoided.

At Daly City there will soon be two methods of ingress to San Francisco, viz, Mission street, and San Jose avenue. This latter is being widened and paved and will pass through the Bernal cut and thus avoid the College Hill grade.

When the bridge is built connecting San Mateo county with the mainland, no doubt a heavy truck travel will develop from the San Joaquin valley and will naturally enter San Francisco by the Bay Shore road through the Potrero district.

Passenger travel will prefer entrance via Mission street and render this new road via San Bruno an absolute necessity. The road is open now, except that portion through Paradise valley near South San Francisco and the upper end, near Daly City. It is really a portion of the neck of the bottle that needs breaking out.

The nearer we get to San Francisco the more dangerous the condition of travel and that portion of the present highway between San Bruno and San Francisco is the most dangerous of all. There are seven sharp curves and nine cemetery entrances into which streams of autos are passing during the day. The high speed elctric cars monopolize one side of the road and at night their lights are most bewildering to the autoist. There is no week passes without an accident nor a month without a fatality.

WILL CELEBRATE SUNDAY

Fifty thousand Woodmen of the World, accompanied by twenty uniformed drill teams, will unite in an outing at Pacific City next Sunday to celebrate the 32d anniversary of the order. It will be the first time in the history of the order that all of the camps of central California have combined for an outdoor frolic. Special trains will bring the Woodmen from Sacramento, Stockton and San Jose, while excursion boats have been chartered to carry the Oakland camps direct to the pier at Pacific City.

A big program of sports and musical entertainments has been arranged. It will be featured by a competitive drill of more than 20 uniformed teams, two Pacific Association swimming championships and a log rolling contest. The program is as follows:

Track events — Competitive drill of drill teams, W. O. W.; peanut race for women; water cup race for men; tug of war, W. O. OVERLOOKED RICH HAUL

That the burglar who walked into the office of Dr. E. K. Sisson, San Mateo dentist, between 12 and 1 o'clock Monday, and made away with $25 in currency, overlooked about $500 in gold, platinum and jewelry, is the claim of Sisson, who has but recently returned from a vacation. The robbery occurred at the noon hour, when Miss Gunn, office attendant, was at lunch. The burglar pried open an inner door and found the office safe unlocked.

NOTICE TO VOTERS

Notice is hereby given to the electors of the State of California that the following Bond Act will be submitted to the people of the State of California for their ratification at the next general election to be holden on the seventh day of November, A. D. 1922.

Frank C. Jordan, Secretary of State.

CHAPTER 733, STATUTES OF 1921

An act to authorize the creation of a debt or debts, liability or liabilities, throught the issuance and sale of state bonds, for the single object of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; to provide ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; to create a state land settlement finance committee, the members of which are to serve without compensation; to define the powers and duties of said state land settlement finance committee and of other state officers in relation to this act; to appropriate money for the expense of preparing and of advertising the sale of the bonds herein authorized to be issued; and to provide for the submission of this act to a vote of the people at the general election to be holden in the month of November, 1922.

(Approved June 3, 1921.)

The people of the State of California do enact as follows:

Section 1. For the purpose of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto, the object of which acts is to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, the state land settlement finance committee created by this act, to wit, in section ten hereof, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise nor in excess thereof.

Sec. 2. After the issuance of the proclamation of the governor provided for in section sixteen of this act, and immediately after adoption of any resolution by the state land settlement finance committee hereby created, provided for in section eleven of this act, the state treasurer shall prepare the requisite number of suitable bonds of the denomination of one thousand dollars in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this act shall not exceed the sum of three million dollars and the bonds issued under any such resolution shall bear interest from the date of issuance of said bonds to the date of maturity thereof, at a rate to be determined by the said state land settlement finance committee and specified in such resolution, but in no case exceeding six per cent per annum. Both principal and interest shall be payable in gold coin of the United States of the present standard of value, at the office of the state treasurer or at the office of any duly authorized agent of the state treasurer, and shall be so payable at the times specified in said resolution or resolutions.

All bonds issued under this act shall bear the signature of the governor and the facsimile countersignature of the controller and shall be endorsed by the state treasurer either by original signature or by signature stamp adopted for each particular bond issue under this act, and the said bonds shall be signed, countersigned and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of the great seal of the State of California. The said bonds so signed, countersigned, endorsed and sealed, when sold, shall be and constitute a valid and binding obligation upon the State of California, although the sale thereof be made at a date or dates upon which the officers having signed, countersigned and endorsed said bonds, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing said bonds. Each bond issued under this act shall contain a clause or clauses stating that interest shall cease to accrue thereon from and after the date of maturity thereof, and referring to this act and to the resolution of the state land settlement finance board hereunder by virtue of which said bond is issued.

Sec. 3. The requisite number of suitable interest coupons, appropriately numbered, shall be attached to each bond issued under this act. Said interest coupons shall bear the facsimile signature of the state treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain.

Sec. 4. All bonds issued under this act and sold shall be deemed to have been called in at their respective dates of maturity and the state treasurer shall, on the respective dates of maturity of said bonds, or as soon thereafter as said matured bonds are surrendered to him, pay the same out of the proceeds of the controller's warrants drawn in his favor as provided in section five hereof and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. He shall also, on the said respective dates of maturity, cancel all bonds bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this act to be issued, and shall be applicable, as far as practicable, to any duly authorized agent of the state treasurer.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the general fund in the state treasury, all of the moneys subject to and available for the use of the state land settlement board not in excess of the principal of and interest on the bonds, then due and payable and, in the event of such moneys so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the general fund in the state treasury as soon thereafter as it shall become available, together with interest thereon, from such dates of maturity until so returned, at the rate of five per cent per annum, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn by the controller of the state in favor of the state treasurer or in favor of any duly authorized agent of the state treasurer, upon demands audited by the state board of control, and the moneys to be returned into the general fund in the state treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the controller of the state upon demands duly audited by the state board of control.

Sec. 6. The sum of ten thousand dollars is hereby appropriated out of any money in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared and advertising their sale. Said amount shall be refunded to the general fund of the state treasury out of the land settlement fund in accordance with the provisions of this act on controller's warrant duly drawn for that purpose.

Sec. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the state land settlement board and approved by the governor of the state; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accured thereon between the date of sale and the last preceding interest maturity date; and with the approval of the governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

Sec. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the land settlement fund in the state treasury and must be used exclusively to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; provided, that the said land settlement board must pay over to the general fund of the state from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the state treasury for the use of the state land settlement board on condition that it shall be so paid over; provided, further, that the said state land settlement board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; and provided, further, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

Sec. 9. The state land settlement board shall be and hereby is authorized with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bound debentures of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

Sec. 10. There is hereby created a state land settlement finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the state land settlement board, all of whom shall serve thereon without compensation, and a majority of whom shall be empowered to act for said committee. The attorney-general of the state shall be the legal advisor of the state land settlement finance committee.

Upon request of the state land settlement board, supported by a statement of the plans and projects of the state land settlement board with respect thereto, the state land settlement finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds having signed,

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the state land settlement finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the state land settlement board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; provided, further, that specific numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; and provided, further, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the state land settlement finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals, from the date of issuance of said bonds; provided, that the interest coupons first payable may, if the state land settlement finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

Sec. 12. All actual and necessary expenses of the state land settlement finance committee and of the members thereof shall be paid out of the land settlement fund, upon approval of the state board of control and on controller's warrant duly drawn for that purpose, and shall constitute expenses of the state land settlement board.

Sec. 13. The state controller, the state treasurer, and the state land settlement finance committee shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 15. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, 1922, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the land settlement bond act of 1921," and in the same square under said words the following in brevier type: "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the land settlement bond act of 1921" and in the same square immediately below said words "Against the land settlement bond act of 1921" in brevier type shall be printed "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." Opposite the words "For the land settlement bond act of 1921" and "Against the land settlement bond act of 1921," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the land settlement bond act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the land settlement bond act of 1921." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 17. It shall be the duty of the secretary of state in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, 1922; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for that purpose and shall be refunded to the general fund out of the land settlement fund in accordance with this act.

Sec. 18. This act may be known and cited as the "Land settlement bond act of 1921."

Sec. 19. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

UNIFORMITY

Every gallon like every other gallon. Every drop capable of vaporizing rapidly and uniformly in the carburetor, and being consumed completely in the cylinder at the jump of the spark.

That's "Red Crown."

That's quality in gasoline.

Use "Red Crown" and *nothing else*, and your car will develop the maximum power that its makers designed it to give.

Fill at the Red Crown sign—at Service Stations, garages, or other dealers.

You can tell whether you are old or young by whether you believe the golden age is past or just dawning.

A car is often judged by its rattles—and so are men.

OLD DAMAGE SUIT IS WON

Superior Judge George H. Buck last week handed down a decision in favor of the defendent, in the damage suit of Ella W. Callopy and George M. Callopy vs. the United Railroads for $20,000.

The original complaint in this action was filed in the early part of 1919, and was submitted on briefs on September 30, 1919. The briefs were never submitted up to a short time ago. Judge Buck's decision was accompanied by a lengthy opinion, in which he refused to grant the non-suit asked for by the defendant, but found that the plaintiff had no just cause for a verdict.

DAMAGE SUIT AGAINST DAIRY

Suit for $15,000 damages was last week filed in the Superior Court at Redwood City by Mr. and Mrs. Geo. W. Menefee against Hugh Ridges, S. Ridges, et al as the result of an accident on the state highway near Beresford on the night of July 14, when an automobile truck driven by Cecil Ridges, 14-year-old son of Hugh Ridges struck and fatally injured Albert W. Menefee, son of the plaintiffs.

BAPTIST CHURCH

Special evangelistic service in the evening at 7:45, with a live message. This service will be informal from the start, having illustrated songs, with solos by Ted Edminster who will be in charge of the music. The morning services are at 10. Bible study and preaching at 11. This church of the "common people" has a welcome for all, and the "glad hand."

CAUGHT IN SAN MATEO

C. S. Buttrick, formerly a bookkeeper in San Diego and wanted in that city on an embezzlement charge was apprehended in San Mateo last Friday by an operative of the Kane Detective Agency of San Francisco. Police of the state have been searching for the fugitive for three years. He is alleged to have disappeared in 1919 with $3500 stolen from the Baker Iron Works in San Diego, by whom he was employed. He was taken back to San Diego last night.

-banking by MAIL
with the largest bank in the west

-this free booklet tells how-to do it

Wherever you may travel, for business or pleasure, or wherever you live, in city or country—the facilities of the largest financial institution in Western America are always as close to you as the nearest mail box.

Banking by mail is as practical and really more convenient than banking in person. The postal service does the work—and *you* save time and energy.

Over 343,000 people bank with the Bank of Italy, and many of them do so by mail.

8,000 HIKING CLUBS IN GREATER NEW YORK

They Swing Along Highways and Through Woods in Groups of Varying Size.

New York.—One must walk nowadas to be in the swim. Statistics gleaned from the out-door departments of the newspapers, from the Boy Scout and Campfire Girls' organizations, from the Y. M. C. A. branches and kindred bodies, from scores of amateur athletic clubs and from the leading dealers in sporting goods, indicate that

"Best Walkers Make Best Citizens," Says Mayor of New York.

today there are no less than 8,000 hiking clubs in Greater New York, with a total membership of more than a quarter of a million men and women, who are keeping themselves in the pink of condition and experiencing the real joy of living by getting regularly out into the open country with no other means of locomotion than their God-given legs.

The city of New York has taken official notice of the movement. On three occasions recently Mayor Hylan has congratulated the boys and girls of the public schools upon their enthusiasm in taking up the new sport of hiking. In his dedication of the great new public playground in the Bronx the other day Mayor Hylan extolled the athletic tendencies of the boys and girls and impressed upon them that there was no better or more profitable way in which they could pass their vacations and utilize their holidays than by the excursions into field and forest of their walking clubs. He gave the same message to the Amateur Athletic Union of Brooklyn a few days later, and when a club of East Side boys and girls visited him at city hall preparatory to a hike to the tomb of Roosevelt at Oyster Bay he assured them that the best walkers among them would make the best citizens.

Walk and Be Well

No less enthusiastic a champion of the walking game is Dr. Royal S. Copeland, city health commissioner. "The benefit to health and the safeguard to morals to be found in long walks," said Dr. Copeland in an interview, "are too apparent to speak of them. If one takes long walks alone it is well, for he walks the road of health, but if he takes long walks in company it is better for he adds the tonic of companionship to his exercise. Walking is the one form of exercise in which there is the minimum risk of overdoing it. In short, I consider walking the most beneficial of all exercises and it is never out of season."

"Never in my life-time," said Edward R. Wilbur, manager of a nationally known sporting goods store, "have I known such a demand as now for outdoor garments and shoes and stockings and appliances for the tourist's luncheon box. The rapid spread and tremendous popularity of the walking-club idea has no parallel in our experience.

"The hiker can make his requisite just what he feels like spending. Really, there are only two or three articles indispensable to hiking—thick walking shoes that allow lots of room, thick woolen socks and clothing that will give freedom of limb. He should have a canvas or leather musette bag, such as the soldiers used in France.

The 'Cow in the Knapsack

"To get the real benefit and joy out of hiking luncheon should be carried and prepared and eaten in the open. Bread and cheese, a few slices of bacon, some coffee, a can of condensed milk, and a cake of chocolate furnish high-powered fuel for the hiker and are readily and happily assimilated even by those who in their pre-hiking days were afflicted with digestive apparatus so feeble as to balk at crackers and milk. Fortunately for the hiker, he can replenish his simple larder at any cross-roads store and provide himself with the most nutritious and appetizing food in a form that can be conveniently carried.

"No single development in the problem of food transportation for the hunter, fisherman, hiker and all lovers of the out-of-doors can compare with the gift bestowed by the man who first found the way to make condensed milk, thereby putting a dairy in every man's knapsack. Before long there will be a national association of hikers, and Gail Borden will be its patron saint. Such an association could do much to encourage the spread of the most beneficial and universal of all outdoor pastimes, map out interesting routes, secure the establishment of shelters, rest-stations, and camp sites at suitable locations, and insure the rights of pedestrians on country roads."

NOTICE TO VOTERS

Notice is hereby given to the electors of the State of California that the following Bond Act will be submitted to the people of the State of California for their ratification at the next general election to be holden on the seventh day of November, A. D. 1922.

Frank C. Jordan, Secretary of State.

CHAPTER 733, STATUTES OF 1921

An act to authorize the creation of a debt or debts, liability or liabilities, throughout the issuance and sale of state bonds, for the single object of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; to provide ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; to create a state land settlement finance committee, the members of which are to serve without compensation; to define the powers and duties of said state land settlement finance committee and of other state officers in relation to this act; to appropriate money for the expense of preparing and of advertising the sale of the bonds herein authorized to be issued; and to provide for the submission of this act to a vote of the people at the general election to be holden in the month of November, 1922.

(Approved June 3, 1921.)

The people of the State of California do enact as follows:

Section 1. For the purpose of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto, the object of which acts is to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; provided, that the said land settlement board must pay over to the general fund of the state from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the state treasury for the use of the state land settlement board on condition that it shall be so paid over; provided, further, that the said state land settlement board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; and provided, further, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

Sec. 2. The state land settlement board shall be and hereby is authorized with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

Sec. 10. There is hereby created a state land settlement finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the state land settlement board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The attorney-general of the state shall be the legal advisor of the state land settlement finance committee.

Upon request of the state land settlement board, supported by a statement of the plans and projects of the state land settlement board with respect thereto, the state land settlement finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

Sec. 11. Whenever the said state land settlement finance committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the number of bonds maturing at each date of maturity, the state land settlement finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the state land settlement board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable with the dates and amounts of such estimated revenues; provided, that the bonds first to mature in each issue shall mature not later than five years from the date of issuance thereof; provided, further, that specific numbers of bonds of specified numerical sequence shall become after mature at annual intervals; and provided, further, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the state land settlement finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals, from the date of issuance of said bonds; provided, that the interest coupons first payable may, if the state land settlement finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

Sec. 12. All actual and necessary expenses of the state land settlement finance committee and of the members thereof shall be paid out of the land settlement fund, upon approval of the state board of control and on controller's warrant duly drawn for that purpose, and shall constitute expenses of the state land settlement board.

Sec. 13. The state controller, the state treasurer, and the state land settlement finance committee shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 15. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, 1922, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the land settlement bond act of 1921," and in the same square under said words the following in brevier type: "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the land settlement bond act of 1921" and in the same square immediately below said words "Against the land settlement bond act of 1921" in brevier type shall be printed "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." Opposite the words "For the land settlement bond act of 1921" and "Against the land settlement bond act of 1921," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the land settlement bond act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the land settlement bond act of 1921." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged. And the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 17. It shall be the duty of the secretary of state in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, 1922; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for that purpose and shall be refunded to the general fund out of the land settlement fund in accordance with this act.

Sec. 18. This act may be known and cited as the "Land settlement bond act of 1921."

Sec. 19. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Goodrich new tire prices

—lowest cost mileage ever known

The new base line tire prices established by Goodrich, effective July 20th, give motorists a definite guide to tire prices as Goodrich Tires are the definite standard of Tire quality. They know now they can buy the very best tire—the one quality Silvertown—the tire that has always held its leadership because—it wears longer, looks better, and because, mileage considered, it costs less than any other tire at any price. Dealers have been quick to point out to their customers the big advantage and economy of buying

Silvertown Cords

at such base line prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE

Class reunions are not so popular except for the first five years after graduation because it then takes too much time for the old classmates to kid each other about looking as young as ever.

The only way to cure the great social unrest is to give everybody the kind of an automobile he wants.

Ignorance also covers a multitude of sins.

COMMITS SUICIDE

Edward Zajicek, 28, mental patient at the Veteran's hospital, committed suicide at the hospital last week by cutting his throat with a razor. An attendant found him in a dying condition in the bathroom.

The body will be shipped to the man's mother, Mrs. Margaret Zajicek who lives in Chicago.

Cook Quickly with ELECTRICITY

ELECTRIC RANGES cook quickly. Heat begins in the cooking units the instant the switch is turned to *Low, Medium,* or *High.* It rapidly mounts to an intensity which is ample for proper cooking.

The heat units on electric ranges are just large enough for quick, perfect cooking, and not so large that electric current is consumed needlessly. Rapid cooking is accomplished on the 3,000 electric ranges served by the P G and E for an average cost of only five dollars per month.

If the stores you patronize do not carry electric ranges, ask at the local P G and E office for further information on their speed and economy of operation.

Two kinds of friction

It has been proved that as much as 20% of the power delivered to the driving wheels may be lost through friction, due to the use of an incorrect oil.

This friction may be of two kinds—the friction of metal on metal, due to the failure of the oil to preserve a lubricating film between the bearing surfaces, or the friction of *oil on oil*—the internal, molecular friction of the lubricant.

Too heavy an oil, or an oil lacking in "oiliness"—the quality that makes it cling to the bearings while at the same time offering a minimum of internal or fluid friction—constitutes a direct drain on the available horsepower of your motor.

The right body at all operating temperatures

Made from carefully selected crudes and scientifically refined by our patented high-vacuum process, Zerolene has great "oiliness." It clings to bearing surfaces, while offering in itself a minimum of frictional resistance to the engine power.

Zerolene maintains the right lubricating body under all conditions. As the engine gets hot, bearing clearances decrease. Analysis of Zerolene shows that the variations in its body, at the various engine temperatures, follow in close relation the decrease in bearing clearances.

Because of their "oiliness," stability and purity, Zerolene oils give perfect lubrication and help to develop the maximum power, speed and gasoline mileage of the car.

HOME BREW IS CAUSE OF ACCIDENT

Following a crash between a truck and a Ford automobile on the state highway in front of Wellesley Park last Thursday night, in which G. W. Irwin, driver of the Ford, was painfully injured, L. U. Reavis, driver of the truck, and Joseph Altamoreno, who was riding with the latter, were placed under arrest by Night Officer P. A. Larrecou and lodged in the county jail. Before colliding with the Ford the truck struck a Hupmobile owned and driven by a party from Los Angeles, and tore the fender off the latter car. According to the police several bottles of beer and a home brew outfit were found in the truck following the collision.

Irwin's injuries consisted of cuts and bruises on the face and head. He was treated by Dr. J. P. H. Dykes. C. Woodson of San Francisco, who was riding with Irwin, escaped with a few scratches.

WOODSIDE SALE ANNOUNCED BY LETTS & WITTE

The Dalve place at Woodside was sold this week by Letts & Witte to a San Francisco client who contemplates some very fine improvement. A few other recent sales of this firm are as follows: For Mr. Perks of Oakland, a cottage in Dumbarton Oaks to Mr. Jeter of San Francisco; for M. Tullihan, a cottage in the Gray tract to S. Conti; for D. P. Flynn two lots in Dumbarton Oaks to Miss Angie Newman of Minneapolis; a lot in Redwood Highlands to A. F. Barksdale; the Martha Penman home on Whipple avenue to Albert Feldman of San Francisco; 6½ acres in Portola Terrace to A. Mangin for Charles Nathorst; a lot on Vera avenue to J. V. Lera; the home of Mrs. Goff on Whipple avenue to Louis Appy of Oakland; a lot on the highway for account of D. P. Flynn to Frank Mirandetti, on which a local contractor is erecting a $6,000 improvement; the Hiesand home on Fulton street to Alfred Mockle of San Mateo; a nice bungalow in Atherton for account of D. Cashman to Brooks sisters of Santa Rosa.

We maintain but one office and confine our efforts to the sale of property in Redwood, Belmont, San Carlos, Woodside, Portola, Menlo Park and Atherton, which is legitimate Redwood territory. We ask you to compare this list with any you may have been advertised and draw your own conclusions as to whom you should list your property for good service and quick sale.

LETTS & WITTE.

DANCE TO THE REDWOODS

Special dances interpretative of "Ersa of the Redwoods," to be produced on the nights of August 18 and 19 at the state forest, Big Basin, Santa Cruz, have been conceived by Miss Katharane Edson, who will assume the title role. Miss Edson, who is considered one of the highest exponents of concert dancing in America, was for three years connected with the school of dancing of the University of California. She took a leading part in the recent production of "Serra" at Carmel.

Choice wooded tracts of 2 acres and up, one mile from highway. 4 room dwelling in Redwood, $2200. 6 room dwelling with large corner lot, $3000. 7 room furnished dwelling with corner lot, $3500. Terms A. D. Walsh, 90 Broadway, Redwood

FRESHMAN QUARTERS WILL BE READY

The contractor who is remodeling the building on the high school site is progressing so well with his work that he will have the job completed by the opening of high school, August 28.

When the new high is completed this structure will be used for the manual arts department. During the coming year it will house the large freshman class and will thus relieve the over-crowded condition in the old school building.

Lots of men have gone crazy striving for an impossible success when a possible success was theirs for the asking.

You can't cut dow expenses by "cutting up."

PIONEERS

first in the West!

The Pioneers who found and marked the Western trails, made possible the progress of the early settlers.

Just as the Pioneer marked out the forest and mountain paths for the settlers so has the Bank of Italy blazed the trail for California's industries.

As the Pioneers were **first** in development—so is this great financial institution **first in the West** in development, constructive financing, modern facilities, amount of resources and number of depositors.

The Bank of Italy reflects the spirit of the California Pioneers in all of its statewide activities.
